LARA CROFT AND THE TEMPLE OF OSIRIS

WE CHECK OUT THE LATEST GAME FROM
TOMB RAIDER STAR, LARA CROFT!

Lara Croft is back to her tomb raiding best in the sequel to the awesome **Guardian of Light**. **Temple of Osiris** is another top down, action-packed adventure filled with mind-blowing puzzles and amazing temples to explore.

This time Lara is in Egypt and has teamed up with a rival treasure hunter and two Gods to try to take down the evil Set! On the way, Lara and co. have to

work their way through the deadly Temple of Osiris battling stacks of enemies, solving brain-draining puzzles and avoiding killer death traps!

Despite being a Lara Croft game, the real star of the game has to be the Temple of Osiris itself – it looks amazing! The level designs are great and each looks completely stunning in its own way. There is a tomb that is covered in mirrors, a spooky level

hidden in red fog, a river level: each tomb looks and feels unique, which makes exploring every level heaps of fun.

"COMBINE POWER-UPS TO CREATE SOME INCREDIBLE WEAPONS!"

The variety of weapons you collect throughout the game also keeps things exciting, expect to take out bad guys with rifles, a rocket launcher, machine-guns, and even a magic staff!

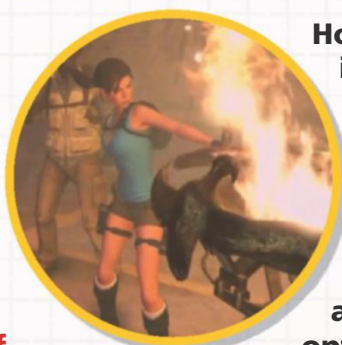

EW

**BATTLE STACKS
OF ENEMIES AND
AVOID KILLER
DEATH TRAPS!**

A really cool feature in the game is that it changes how puzzles are solved whether you're playing single player or co-op. In fact, **Temple of Osiris's** four-player co-op is the best way to play the game. When players get power-ups they combine with the rest of the group to create some incredible weapons.

The only issues we have with the game is length – it's way too short.

However, the game is really fun and with plenty of things like new weapons, power-ups and accessories to collect, and the option to play co-op, you won't mind playing through again.

IT'S A LARA,
LARA FUN!

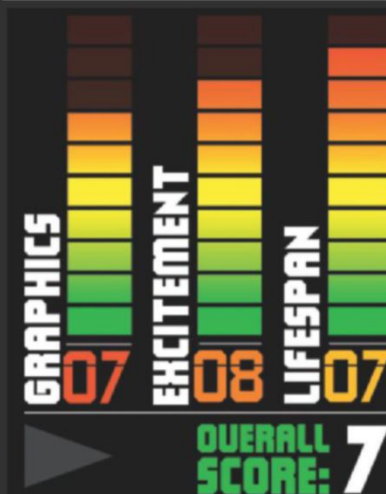

THE GOOD

- REALLY COOL WEAPONS AND POWER-UPS.
- LEVEL DESIGNS ARE REALLY UNIQUE.
- CO-OP PLAY IS AWESOME FUN!

THE BAD

- CAMPAIGN IS A LITTLE SHORT.
- CAMERA VIEW CAN BE CONFUSING SOMETIMES.
- SOME PUZZLES ARE KINDA HARD!

AND THE RESULT

WE SAY...

OVERALL, **LARA CROFT AND THE TEMPLE OF OSIRIS** IS A REALLY COOL GAME THAT IS DEFINITELY WORTH CHECKING OUT, ESPECIALLY IF YOU'RE A FAN OF LARA OR JUST ADVENTURE PUZZLE GAMES. PLUS, PLAYING CO-OP MODE ROCKS!

TORCH VS. SAND — TORCH WINS!

To destroy a stack of sand or gravel take out the bottom block and quickly replace it with a torch. The rest of the stack will fall down onto the torch and break apart!

POWER POTION!

To get the maximum effect of a potion throw it in the sky and make it land on your body.

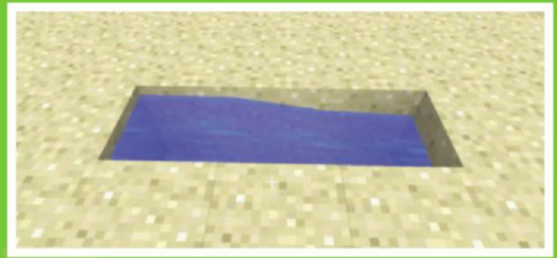

STOP THE FLOW

Placing a ladder or a sign into a flow of water or lava will stop it instantly! A great tip for building underwater.

PUMPKIN = PUMP WIN!

If you have a pumpkin on your head Endermen will not attack you. You can attack them without being attacked in return.

CREATE INFINITE WATER!

Create a trench three blocks wide and fill both sides with a bucket of water. You have now created infinite water! Make sure you only take out water from the middle or this trick will stop working.

WATERED DOWN!

Get rid of any grass you don't want by chucking a bucket of water over it. Wherever the water lands the grass will disappear!

CIRCUS DIVING!

You can survive a fall from any height – all you need is a bucket of water to land in! When falling, hold a bucket in your hand, look straight down, and hit Right Click/LT/L2 all the way down. Cool, huh?

FOOTALITY!

You can kill Endermen easily by hitting them in the feet.

PRANCING ON ICE!

MMM...
PORK CHOPS!

INSTANT PORKCHOPS!

If you kill a pig with fire they will instantly turn into cooked porkchops! The easiest way to do this is by lighting a fire underneath a pig.

WAYS TO SCORE EVERY TIME!

1 ONE-ON-ONE CHALLENGE

When one-on-one with the goalie, try moving the ball a little to the left or right just before shooting. This can help to create more of a gap to aim for as the goalie will need to re-position slightly.

MIND
THE GAP!

2 SET-PIECE SUPERSTAR

Scoring free-kicks can be really difficult, but not impossible. Try looking for a gap between the heads of players in the wall and then power up your shot to between two or three bars of power, depending on your distance. When your player starts running to the ball, hold the left analogue stick up. The ball should then dip and go flying into the net!

3 TWIN PEAKS

We like a formation with at least two strikers up top. It's super-easy to score if you and your fellow striker are clean through on goal with only the goalie to beat. Just wait until the goalie charges you and then pass the ball to your partner. If he misses the open goal, sub him straight away.

4 ABSOLUTE FAHERS

If the goalie is coming out towards you, use his momentum to create space to dribble into. You can use the sprint button to burst past him, or score by faking a shot then bursting past him. You can do this by powering up with the shoot button and cancelling with short pass.

THAT IS LIQUID FOOTBALL!

5 BEND IT LIKE...

One of the most satisfying goals to score is still a curler into the top corner. If you have a player like Messi or Ronaldo, try cutting in from the wing and once you're running horizontally along the box, press the Finesse shoot button and hold the shoot button up to half power. If your position is good, you will score a peach!

6 LONG GAME

Against top goalies like Manuel Neuer and Joe Hart, it's almost a waste of time even attempting long shots as you'll hardly ever score. However, if it's raining and you're playing against lesser quality goalies then the wet conditions mean you might be in luck. If the keeper does make the save, be ready to react quickly to net the rebound.

7 LOB STORY

The lob shot is nice to try every now and then, but it isn't always easy to get right. You can pull off a lob shot by holding down LB/L1 as you shoot. This will chip the ball up into the air. It can work when one-on-one with the goalie, but you must time it to happen just a split-second before he gets to you and dives at the ball.

8

PLAY TO YOUR STRENGTHS

It sounds obvious but you really have to learn the strengths and weaknesses of your strikers. For example, a strong striker like Lukaku probably won't outrun the defence, but he's very good as a target man. For a player like Messi, use his amazing dribbling to your advantage and hit him with low crosses and through passes. And, if your striker has a great left foot, why take shots with his right? Do the basics right and goals will come!

VIDEO GAME MASH UP!

WE MASH UP OUR FAVE GAMES TO CREATE SOME AMAZING NEW TITLES!

We love racing games like **Forza** and **The Crew**, but we can't help but feel like **Mario Kart** weapons would always make them better!

What's better than **Plants Vs. Zombies**? **Pants Vs. Zombies**! The smellier the better!

Minecraft and **FIFA** = a match made in heaven! We would have Steve building free kick walls, and creepers would make great strikers, no defender would go near them!

🐜 Winning in **NBA 2K15** can be tough! How much easier would it be if you had stretchy man Dhalsim from **Street Fighter** in your team?!

MLB VS. ANGRY BIRDS

🐜 Maybe the **MLB** games would be better if they replaced the baseballs with some **Angry Birds**!

RED, GET READY FOR A HOME RUN!

🐉 Pool parties in **The Sims** would be much more splashy if Ganondorf was invited!

1 YOUNG BOYS BERN

Hailing from Switzerland, this footie team is made up of adult men – not young boys! They'd get beat every week if that was the case!

3 CLEVELAND BROWNS

In the NFL we have the likes of the Panthers, Jaguars, Giants and Bengals. But how scared would you be to face the erm... Browns?

4 BUTTE PIRATES

The Butte Pirates boy's basketball team hail from America and are actually pretty good. Not *bottom* of the league as their name would suggest.

5 MONTGOMERY BISCUITS

6 KING FAISAL BABES

This Ghanaian footie team must really fancy themselves and their team's chances!

7 PHILADELPHIA PHILLIES

What next? The Manchester Mennies? Newcastle Newbies? Wolverhampton Woolies? C'mon Philadelphia, try harder with your baseball team name!

The carp is a harmless fish... try telling this Japanese baseball team that no one is scared of a carp.

9 MODESTO NUTS

The fans are nuts about their local minor league baseball team...

10 FL FART

Fotballaget Fart is a women's football team in Norway's first division. Their playing conditions are always *windy*!

BRIGHT SPARKS

SPARKS ARE SUPER IMPORTANT IN THE GAME – DO YOU KNOW WHAT THEY ALL MEAN?

■ **BLUE** sparks are used to purchase toys in the toy store.

■ **GREEN** sparks are used to restore your character's health.

■ **ORANGE** sparks are used to level up a character!

■ **PURPLE** sparks refill your special move meter.

■ The **YELLOW** spark is actually your character when in the toy box editor or Spark Mode.

THE 16 SPINS TRICK!

UNLOCK ABSOLUTELY EVERYTHING WITH THIS AWESOME TRICK!

STEP 1 – Make sure you have saved up sixteen spins!

STEP 2 – Shuffle the vault until a few items you want to win appear!

STEP 3 – Now use all 16 spins and you're guaranteed to win everything on your screen! Be careful not to re-shuffle your vault or the onscreen items will change.

LEVEL UP IN AN HOUR!

FOR THIS TIP YOU'LL NEED A STUNT BUGGY AND FAN.

- 1 Load an empty and flat surfaced toy box.
- 2 Place the floor fan in the middle.
- 3 Get into a stunt buggy and drive towards the edge of the fan.
- 4 Drive slowly over the fan until you're floating in the air.
- 5 Flip the car in each direction.
- 6 Hold down the stick so that your car keeps flipping in the air.
- 7 Leave the game running for an hour.
- 8 Flip the car in each direction before driving off the airflow.

ENJOY BEING LEVEL 20!

CAPTAIN AMERICA

When Steve failed to get into the Army in WWII, he became the subject of top-secret science experiments and was injected with "super-soldier serum". Giving him insane strength, combat skills and speedy reflexes making him the **ULTIMATE** soldier!

STAR LORD

Peter Quill, the legendary space outlaw who was once part of the Ravagers! After leaving the corrupt space group, he met the other members of the Guardians of the Galaxy and he used his sick fighting skills and street smarts to fight evil and protect the galaxy!

- Ferocious Fighter

STAR LORD

AKA: Peter Jason Quill

HEIGHT: 6'2"

WEIGHT: 175lbs

TOP ABILITIES:

- Super Resilient
- Skilled Thief
- Galactic Guns
- Master Pilot

HISTORY

■ Cap' and Star Lord have never really crossed paths... but Peter has been keeping a close eye on Steve after he caused havoc with the epic alien battle of NYC with all the other Avengers! We have it on good record that strict Sergeant Steve doesn't appreciate Peter's cockiness and joker attitude!

THE FIGHT

■ Star Lord would definitely toy with Captain America using his charisma to distract Cap from the fight, but with his focused army training, Cap would keep his wits about him! Star Lord would be using his impressive weaponry and skills to put Cap's shield to the test and Captain America would have to move with super speed to dodge the shots! This is a pretty well-matched fight!

WINNER!

■ The legendary outlaw delivers some devastating hits with his super quick guns, but once Cap' disarms him, it's game over! Star Lord is no match for the first Avenger's sheer force of strength and with a few swift punches it would be KO for Star Lord.
